

Solutions for Education

School, Academy, College and University buildings must meet the highest demands for purpose, durability, sustainability and maintenance. Crown Paints has the right products to meet these rigorous needs. Our products are specially formulated for professional application to ensure you get a long lasting, durable and attractive finish.

Sports halls These spaces are used regularly, which can lead to severe abrasion on wooden floors. Sadolin PV67 is a two-pack varnish that offers hardwearing, slip and scratch resistant properties. Crown Trade Clean Extreme also provides exceptional durability and longevity in areas that require repetitive cleaning.

Class rooms, halls and corridors These areas are subject to a regular footfall and an increased likelihood of scuffs and spills. Crown Trade Clean Extreme Scrubbable emulsions provide exceptional durability and longevity, which allows for repetitive cleaning and excellent stain resistance. Crown Trade Fastflow Satin and Gloss is ideal for internal and external trim areas, it's quick drying, Breatheasy® and advanced water based formulation minimises disruption in busy education facilities.

Changing rooms Crown Trade Clean Extreme Mould Inhibiting paints are an ideal preventative measure for areas with limited ventilation and condensation problems, such as changing and shower rooms. Available in matt and durable acrylic eggshell, the product is specially developed to maintain decorated surfaces that are prone to mould.

Canteen Crown Trade Clean Extreme Anti Bacterial paints provide excellent levels of protection in areas where hygiene is particularly important, such as kitchens. It utilises the natural power of silver to limit the growth of problem bacteria such as MRSA, Salmonella and E.Coli.

SELECTING FRESH AND APPEALING COLOUR SCHEMES

The Crown Paints Colour Service is available to help you meet relevant legislation and suggest schemes with lasting appeal to extend maintenance cycles.

A functional approach to choosing colour focuses on achieving results, such as increased attention span and lower levels of eye fatigue. Different colours influence behaviour and have significant effects on pupil's learning and well-being.

For more information please refer to our Education for Colour brochure which can be downloaded from www.crownpaintspec.co.uk or ordered via your local Crown Paints Representative.

Zoning

The intelligent selection of key products optimises functionality as demonstrated opposite.

It's not just paint
It's personal.

We like to think a big part of what separates us from other paint manufacturers, is the service we offer and the lengths we're prepared to go, to ensure that you and your customer's decorative and protective needs are completely met.

COLOUR

- ✓ Selection of generic schemes available
