 \* Depending on access control system, in one direction.

### LIFELINE SPEEDLANE SWING

The Lifeline Speedlane Swing has been designed to the highest standards, ahead of industry trends:

- Using unique sensors which detect visitors approaching
- Jump over detection sensors
- Sleep functions to save energy
- Pulsing light strips to guide the user
- Intuitive and proven symbols to make it user friendly
- Ergonomic design for customer comfort
- Customisation possibilities in fitting with interior design
- Premium quality materials

### LEVEL UP OPTIONS

- Single lane or multi-lane set-up
- External control panel
- Safety+ Package

### FINE-TUNE YOUR ENTRANCE

The Lifeline Speedlane Swing is available with the widest selection of dimensional and glass choices. Whether it's for a higher security level or disabled access, every combination is possible. Due to its slim form, an almost invisible gateway is created, instantly giving an air of sleek design. Whether making a statement, fitting with corporate identity colours or creating a harmonious interior design, the Lifeline Speedlane Swing can be customised to the latest design trends, offering the opportunity to blend in or stand out from its surroundings.

### BOONTOUCH

The BoonTouch Remote Control Panel simplifies visitor management. Ideal for receptionists and security guards, it offers quick, easy, and secure visitor authorisation. Its user-friendly touchscreen enables authorised personnel to manage single or multiple security turnstiles with just a simple touch.

### EMERGENCY EGRESS

The Lifeline Speedlane Swing is equipped with an internal battery backup; in case of an emergency, the door wings will drive open position to create a free passage way.

### TECHNICAL SPECIFICATIONS
