### BV SPEEDLANE COMPACT

The Speedlane Compact has one word which resonates so perfectly with it - ease. Ease of integration with many access control systems and technology provides a lot of flexibility when considering adding it to your total security solution.

- Intuitive user guidance.
- Tailgating, safety and object detection sensor sets, as standard.
- Easy installation.
- Generous interior space in the cabinet to allow a large variety of mounting positions for access control integration.
- Premium quality materials.
- Smooth, swing motion glass barriers.
- Short cabinet with ergonomic design and small footprint.
- Flexible lane configurations.
- Universally understood and proven display symbols.

### BOONTOUCH

BoonTouch is a universal control panel that can be used to operate the Speedlane Compact remotely, from a reception area or security desk. It is able to operate any combination of up to six security access solutions. With a user-friendly interface, the BoonTouch allows for the control of individual lanes, multiple lanes and to control an alarm situation.

### FINE-TUNE YOUR ENTRANCE

The Speedlane Compact is available with an array of dimensions and glass choices. Whether for a higher security level or disabled access, every combination is possible. The cabinet top is a stainless steel top plate coated to RAL 9005 70% gloss with card reader windows and a universal mount for the proximity reader located below the window. At the same time, the cabinet's finish can be customised to the latest design trends, offering the opportunity to blend in or stand out from its surroundings. So whether making a statement, fitting with corporate identity colours or creating a harmonious interior design, the Speedlane Compact makes a design statement in its own right.

# OUR REACH IS GLOBAL.

---

We have been in business for 150 years, manufacturing premium aesthetic and security entrance solutions in The Netherlands, the United States of America and China. We can confidently say that we cover every corner of the globe with subsidiary companies in major cities across the globe. Furthermore our global export division not only partner with our distributors, but also offer direct sales and service to every territory. This wide net allows us to have a strong global footprint and a personal grasp of local markets and their unique entry requirements.
