

Chill Seat

The 35 Collection is the next generation of outdoor furniture for the way we live, work, learn and play. The Chill seat is a chaise lounge for commercial outdoor environments which celebrates the spirit of the collection and introduces a welcome and relaxed posture into the public sphere. It's sculptural form echoes the human body and supports the sitter in a position that's reclined, but not exposed. Chill is strong, durable, easy to clean and can be surface mounted where required.

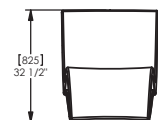

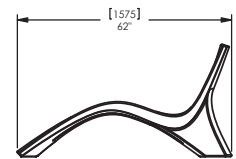

Specification:
